PROFESSIONAL SUMMARY

Results-driven Graduate Software Trainee with hands-on experience in backend development, REST API implementation, SQL, and business intelligence reporting. Skilled in Java, Spring Boot, Power BI, and data analytics with a strong ability to build scalable applications, analyze data, and create impactful dashboards. Passionate about problem-solving, continuous learning, and delivering high-quality technical solutions.

TECHNICAL SKILLS

- **Programming & Development:** Java, Spring Boot, REST APIs, Git, GitHub, Postman
- **Data Analytics & BI:** Power BI, DAX, Power Query, Dashboard Development, KPI Reporting
- **Database Technologies:** SQL, MySQL, SQL Server, Joins, Subqueries, Views, CTEs
- **Microsoft Tools:** Advanced Excel, Pivot Tables, XLOOKUP/VLOOKUP, Conditional Formatting, Outlook

PROFESSIONAL EXPERIENCE

Graduate Software Trainee | HCL Technologies Ltd, Chennai, India (Feb 2024 – Jan 2025)

- Developed a backend application using Java and Spring Boot as part of an industry-oriented capstone project.
- Designed and tested REST APIs using Postman and implemented CRUD functionalities.
- Wrote unit test cases to validate application functionality and improve application reliability.
- Collaborated with team members using Git and GitHub for version control and source code management.
- Participated in debugging, testing, and application enhancement activities.

PROJECTS

Supermarket Sales Analytics Dashboard

Tools Used: Power BI, SQL, Excel

- Built an interactive Power BI dashboard to monitor supermarket sales and profitability metrics.
- Analyzed product performance, sales trends, and customer insights using DAX and Power Query.
- Designed KPI reports and visual dashboards to support data-driven business decisions.
- Implemented data cleaning, transformation, and modeling techniques for accurate reporting.
- Created dynamic visualizations to improve reporting efficiency and business insights.
